

DIVING PROGRAM PROVIDED BY SUB-AQUA
On board the Galapagos Explorer II
Updated November 2009

Operator: Galapagos Sub-Aqua is the oldest dive center in the Galapagos Islands. The dive center is located in Pto. Ayora on Santa Cruz Island, and it opened for business in 1991 by Fernando Zambrano, founder of the company and currently its Executive Director, a professional instructor who has been diving since 1979. He is also an oceanographer, certified commercial diver and naturalist park guide. Today Sub-Aqua is the largest and most prestigious dive center in the Galapagos Islands and consists of an international team of professional dive masters and instructors who follow very high safety standards. They are also certified as PADI Resort under the number 17365 since 2001.

Diving places: As per our current island itinerary (July 2007), we can offer diving programs to our passengers on Tuesday, Friday and Saturday on the islands mentioned below. The final sites will be determined by Sub-Aqua at the day of the service, conditions related to the marine currents and weather conditions must be consider for divers security:

Tuesday a.m.: A minimum of 4 passengers is required to provide the dive program this day.

Mosquera Islet or Daphne Islet (2 dives)

Diving program will not replace Explorer's first visit "Seymour Norte" but will shorten it to 1 hour during surface interval time

Mosquera Islet: Largest colony of garden eels, mantas, sea turtles, white tips sharks and maybe hammerheads schools and eagle rays during the warm season, as well as plenty of tropical fish and sea lions. Two walls, the first one with sandy bottom at 15m., then a sandy shelf sloping from 21 m., then the second rocky wall starts at 21 m. and goes down to 40 m. Dive time: 35 to 50 minutes.

Daphne Islet: Wall diving with morays, white tips sharks, eagle rays, stingrays, sea lions, hammerheads, turtles, black corals and many other invertebrates; also lots of fish. Dive time: 35 to 50 minutes.

Friday a.m.: A minimum of 4 passengers is required to provide the dive program this day.

Academy Bay (2 dives) : this area is great for introductory diving, beginners and intermediate divers. The Academy Bay area is easier diving with very little current. The following are some of the Academy Bay diving sites - dive sites will not be specified when confirming an Academy Bay program since we select the sites according to the divers skills and the conditions of the day:

Punta Estrada: Sea turtle canyon in Academy Bay. Invertebrates, tropical fish, stingrays, green sea turtles with possible encounters with golden rays and some whitetip reef sharks. There are many interesting geological formations. Dive time: 35 to 50 minutes.

Caamano Islet: Offers a chance to swim and play with friendly sealions, many tropical fish and a few marine iguanas. Dive time: 35 to 50 minutes.

Punta Nunez Cliffs: Wall diving with a cave. At this site you can see turtles, stingrays and tropical fish. Dive time: 35 to 50 minutes.

El Bajo Solmar: This submerged shoal at Academy Bay has an impressive amount of fish, whitetip sharks, morays, invertebrates, caverns, eagle rays, stingrays, turtles and seafans. A great diving site for intermediate as well as experienced divers. Dive time: 35 to 50 minutes.

Diving program will replace Explorer's first visit "Puerto Ayora and Charles Darwin Research Station".

Saturday am: A minimum of 4 passengers is required to provide the dive program this day.

Mosquera Islet (2 dives) : Largest colony of garden eels, mantas, sea turtles, white tips and maybe hammerheads schools and eagle rays during the warm season, as well as plenty of tropical fish and sea lions. Two walls, the first one with sandy bottom at 15m., then a sandy shelf sloping from 21 m., then the second rocky wall starts at 21 m. and goes down to 40 m. Dive time: 35 to 50 minutes.

Daphne Islet (2 dives): Wall diving with morays, whitetip, eagle rays, sting rays, sealions, cave diving, invertebrates, hammerheads, turtles, black corals and hundred of fishes. Dive time: 35 to 50 minutes.

Rates

The rate per day per person is US\$195.00 (includes 2 dives). On Tuesday, Friday and Saturday, less than 4 passengers will pay an additional flat fee of \$200.00 per day, this amount will be distributed between the passengers that confirm the service. The rate includes:

- Sub-aqua will provide transportation from the G. Explorer II to the diving site
- Diving equipment: aluminum tanks with 3000 psi /207 bar, wetsuits (5-7mm width), jacket type BCD with power inflators; regulator with octopus; pressure gauge and depth gauge; mask, fins and snorkel, and booties.
- Dive Master, Galapagos National Park approved (1 master per each 4 passengers)
- Water and snacks
- Not included: \$10.00 transportation to and from the vessel on Tuesday.

Note: *Passengers requesting the service on board, will have to pay an additional charge of \$25.00 per day per passenger, due to last minute arrangements charge.*

The dives: Each dive is one tank. We use aluminum tanks with 3000 psi /207 bar - all tanks have the international connection system - if passengers want to use their own regulator with DIN system they have to bring their own adapter. The bottom time depends on each passenger's air consumption. All dives are in-between 15 and 25 meters because this is where you encounter most of the marine life in the Galapagos. Maximum depth for our dives is 30 meters.

Equipment: Diver can decide whether they want to use our equipment or bring their own (this will not affect the rate or the additional fee per day). We recommend passengers to bring dive alert whistle, scuba tube, mask and wetsuit.

Requirements:

- Clear copy of Diving license (original will be requested at the vessel)
- Dive Insurance certificate
- Book your diving program prior to your cruise departure.
- Diving Form and Release of Responsibility, filled and signed by each passenger
- All the requirements are mandatory

Insurance and safety: There is no insurance included in the programs and we strongly request and required all divers to have their DAN (Divers Alert Network) insurance before going to the Galapagos (cost per year for Standard Insurance US\$ 70 and for Master Insurance US\$ 80 including the annual membership). For more information, we recommend you to go to Divers Alert Network website <<http://www.diversalertnetwork.org>>

Note: Sub-Aqua is the operator and responsible of the diving programs available to the Galapagos Explorer II passengers, Canodros S.A acts as coordinator of the organization of the services.

Cancellation Policies

- a) Cancellations made between 59 and 26 days prior to the date of the diving service program, 50% of the total diving rate will be forfeited.
- b) Cancellations made between 25 and 0 days prior to the date of the diving service program, 100% of the total diving rate will be forfeited.
- c) Cancellation charges will be applied over the agreed rate per day and per passenger; and, when it were the case, those will include the proportional part of the agreed charges if there is not the minimum number of passengers required to give the diving service. Cancellations for medical reasons have 100% charges at any time.
- d) Reservations requested directly by passengers upon arrival to the vessel, cancellations will have 100% penalty charges at any time once the request has been confirmed.

SCUBA DIVING FORM

(for Sub-Aqua use)

Name of diver:			
Address:			
City:		Country:	
Language:		Passport No.:	
In case of emergency notify: (name, address, email, phone number, please provide two persons):			
Name, address and phone of my physician to contact in case of an emergency:			

Please provide the following information:

Type of Certification (level and training agency):	
	Date of last dive:
Number of logged dive:	Location of last dive:
Please provide us with your DAN insurance number:	

Have you had experience with the following conditions:

Cold Water Diving (under 70°F or 21°C)	Yes	No
Thick wetsuits (5-7mm or 1/4")	Yes	No
Significant currents	Yes	No
Wall diving	Yes	No
Drift diving	Yes	No

Which day(s) do you wish to dive:

Cruise date:		
Tuesday (<i>Daphne or Mosquera</i>)	Yes	No
Friday Academy bay (<i>Punta Estrada, Caamano Islet, Punta Nunez Cliffs, El Bajo Solmar</i>)	Yes	No
Saturday (<i>Daphne or Mosquera</i>)	Yes	No

Please provide the following information so that Sub-Aqua may provide you with the appropriate size wetsuit, BCD and fins:

Height:				
Weight:				
Foot size:				
Sex:	M		F	
Wetsuit size:	S	M	L	XL
BCD size:	S	M	L	XL

In case of medical emergency I authorize the Dive master, Captain or Crew of the vessel to administer first aid or get proper medical attention if necessary. I understand that the nearest operational recompression chamber may be many hours away and may require air evacuation. The time involved with boat and air transport poses additional risk to my personal safety. I voluntarily accept this additional risk and I am fully prepared to pay all expenses related to evacuation and recompression chamber treatment should it be deemed necessary by myself or vessel. I hereby certify that the foregoing is true and correct

RELEASE FROM RESPONSABILITY

Full name:
Passport No.
Complete address and telephone:
Type of dive license and Number.:
Do you have any health or physical impairments?

By signing below I hereby agree to hold SUB-AQUA, m/v GALAPAGOS EXPLORER II, their agents, guides, crew, associates, officers, licensees and successors in interest harmless. I have been informed and I am aware that visiting and/or scuba diving in the Galapagos Islands can be dangerous and includes certain risks and dangers, including, but not limited to, the hazards of traveling by ships, yachts, buses, taxis, pick-up trucks, inflatable rafts, motorized boats and other unconventional means, wet or dry landings on the beach or rocks, swimming, scuba diving, snorkeling, accident or illness in remote places without medical facilities, dangers of wild animals or marine species, forces of nature, and travel by air or any other conveyance, extreme weather conditions, physical exertion for which I may not be prepared, and evacuation difficulties should I be injured or disabled.

I accept the inherent risk of this trip and the enjoyment of adventuring beyond the normal safety of home and work is in a part the reason for my participation. I HEREBY RELEASE, WAIVE, INDEMNITY and AGREE NOT TO SUE SUB-AQUA and M/V GALAPAGOS EXPLORER II in regards to any and all liability to the undersigned his or her personal representatives, heirs, assigns and next of kin, for any and all losses, damages or injuries or any claim or demand on account of injury to the person or property of the undersigned. I acknowledge that this hold harmless clause is prerequisite to my attending any events sponsored by said companies or persons.

I further undertake personal economic responsibility for any loose or damage beyond normal wear and tear to the scuba diving equipment of SUB-AQUA while said equipment is in my possession.
